Dear Mr. Britton

I am applying for the Mentor position with ABC Foundation. I am an experienced mentor who has worked with adolescents in a number of capacities. As Youth Mentor at Omega Home for Girls I provide daily counselling to female adolescents from ages 13 through 18.

I am easily approachable with a straightforward communication style. Clients find me to be non-judgemental accepting and warm. I have proven excellence in past positions. In fact I received the "Outstanding Mentor of the Year" award at my current place employment for two consecutive years. I have a knack for relating to young people and know that I would be an asset to your agency. My achievements and skills along with my genuine empathy for people make me a strong candidate for your Mentor position.

Please feel free to reach out at your earliest convenience either by email or telephone as I look forward to speaking with you more about what I can do for organisation. Thank you for taking the time and consideration to learn about my credentials.

Best

Shelby Stratton
